| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ICC, IHC                                                                                                                                                                                                                                                      |
| Species Reactivity         | Gallus, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                             |
| Immunogen                  | Fusion protein amino acids 873-977 (cytoplasmic C-terminus) of rat GABABR1 (accession number Q9Z0U4) produced recombinantly in E. Coli                                                                                                                        |
| Conjugation                | FL650                                                                                                                                                                                                                                                         |
| Product Description        | Our Anti-GABA(B)R1 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N93A/49. It is KO validated, detects human and mouse GABA(B)R1, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                                     |

|                   |                                              |
|-------------------|----------------------------------------------|
| Clone Designation | [N93A/49]                                    |
| Molecular Weight  | 115 kDa                                      |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q9Z0U4</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | GABA(B)R1                                    |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
