| Species Reactivity         | Mouse, Rat                                                                                                                                                                                                                                                  |
| Immunogen                  | Fusion protein amino acids 211-374 (cytoplasmic, long form) of rat Dopamine D2 receptor (accession number P61169) produced recombinantly in E. Coli                                                                                                         |
| Conjugation                | FL490                                                                                                                                                                                                                                                       |
| Product Description        | Our Anti-Dopamine D2 receptor mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N186/29. It detects mouse and rat Dopamine D2 receptor, and is purified by Protein A chromatography. It is great for use in IHC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                  |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                                   |

|                   |                                              |
|-------------------|----------------------------------------------|
| Clone Designation | [N186/29]                                    |
| Molecular Weight  | 50 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">P61169</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | Dopamine D2 receptor                         |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
