| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                  | Fusion protein amino acids 100-200 of human RBM17 (accession number Q96I25) produced recombinantly in E. Coli                                                                                                                                                 |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Our carrier-free Anti-RBM17/SPF45 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N219/5. It detects human, mouse, and rat RBM17/SPF45, and is purified by Protein A chromatography. It is great for use in IHC,... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |
| Clone Designation          | [N219/5]                                                                                                                                                                                                                                                      |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 45-52 kDa                                    |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q96I25</a>                       |
| Buffer            | PBS                                          |
| Target            | RBM17/SPF45                                  |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
