| Category                   | Antikörper                                                                                                                                                                                                                        |
| Application                | ICC                                                                                                                                                                                                                               |
| Species Reactivity         | Human, Mouse                                                                                                                                                                                                                      |
| Immunogen                  | Fusion protein amino acids 1-282 (full-length) of human MMACHC (accession number Q9Y4U1) produced recombinantly in E. Coli                                                                                                        |
| Conjugation                | FL594                                                                                                                                                                                                                             |
| Product Description        | Our Anti-MMACHC mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N230/21. It detects human and mouse MMACHC, and is purified by Protein A chromatography. It is great for use in ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                        |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                         |
| Clone Designation          | [N230/21]                                                                                                                                                                                                                         |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 32 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q9Y4U1</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | MMACHC                                       |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
