| Species Reactivity         | Drosophila, Guinea pig, Human, Mouse, Polar Bear, Rat                                                                                                                                                                                                     |
| Immunogen                  | Synthetic peptide amino acids 411-422 (KTVEMRDGEVIK) of human GFAP (accession number P14136)                                                                                                                                                              |
| Conjugation                | FL650                                                                                                                                                                                                                                                     |
| Product Description        | Our Anti-GFAP mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N206A/8. It is KO validated, detects human, mouse, and rat GFAP, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                                 |
| Clone Designation          | [N206A/8]                                                                                                                                                                                                                                                 |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 50 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">P14136</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | GFAP                                         |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
