| Category                   | Antikörper                                                                                                                                                                                                                         |
| Application                | ICC                                                                                                                                                                                                                                |
| Species Reactivity         | Mouse, Rat                                                                                                                                                                                                                         |
| Immunogen                  | Synthetic peptide amino acids 19-34 (AQVKEMRWQLSEQLHC, FCH domain) of mouse ARHGAP4 (accession number Q8VHL8)                                                                                                                      |
| Conjugation                | FL490                                                                                                                                                                                                                              |
| Product Description        | Our Anti-ARHGAP4 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N290B/25. It detects mouse and rat ARHGAP4, and is purified by Protein A chromatography. It is great for use in ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                         |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                          |
| Clone Designation          | [N290B/25]                                                                                                                                                                                                                         |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 115 kDa                                      |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q8VHL8</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | ARHGAP4                                      |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
