| Immunogen                  | Fusion protein amino acids 1-555 (N-terminus) of human Stonin-2<br>(accession number Q8WXE9) produced recombinantly in E. Coli                                                                                                                                |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Our carrier-free Anti-Stonin-2 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N346/9. It is KO validated, detects human, mouse, and rat Stonin-2, and is purified by Protein A chromatography. It is great for ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |
| Clone Designation          | [N346/9]                                                                                                                                                                                                                                                      |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 120 kDa                                      |
| Isotype           | IgG2b                                        |
| UniProt           | <a href="#">Q8WXE9</a>                       |
| Buffer            | PBS                                          |
| Target            | Stonin-2                                     |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
