| Species Reactivity         | Mouse, Rat                                                                                                                                                                                                                                                                            |
| Immunogen                  | Fusion protein amino acids 1-215 (full-length) of rat Navbeta3 (accession number Q9JK00) produced recombinantly in E. Coli                                                                                                                                                            |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                                          |
| Product Description        | Our carrier-free Anti-Navbeta3 Na <sup>+</sup> channel mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N396/29. It detects mouse and rat Navbeta3 Na <sup>+</sup> channel, and is purified by Protein A chromatography. It is great for ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                                            |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                                               |

|                   |                                              |
|-------------------|----------------------------------------------|
| Clone Designation | [N396/29]                                    |
| Molecular Weight  | 40 kDa                                       |
| Isotype           | IgG2b                                        |
| UniProt           | <a href="#">Q9JK00</a>                       |
| Buffer            | PBS                                          |
| Target            | Navbeta3 Na+ channel                         |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
