| Immunogen                  | Fusion protein amino acids 76-417 (actin-binding and synaptic-vesicle binding domains) of human Synapsin-III (accession number O14994) produced recombinantly in E. Coli                                                                                      |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Our carrier-free Anti-Synapsin-1/3 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone L125/129. It detects human, mouse, and rat Synapsin-1/3, and is purified by Protein A chromatography. It is great for use in ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |

|                   |                                              |
|-------------------|----------------------------------------------|
| Clone Designation | [L125/129]                                   |
| Molecular Weight  | 60 kDa                                       |
| Isotype           | IgG2b                                        |
| UniProt           | <a href="#">O14994</a>                       |
| Buffer            | PBS                                          |
| Target            | Synapsin-1/3                                 |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
