| Manufacturer               | Aviva                                                                                                                 |
| Host                       | Rabbit                                                                                                                |
| Category                   | Proteine/Peptide                                                                                                      |
| Application                | WB                                                                                                                    |
| Species Reactivity         | Canine, Equine, Guinea pig, Human, Mouse, Rat                                                                         |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human ZNF598                               |
| Product Description        | ZNF598 contains 1 C2H2-type zinc finger and 1 RING-type zinc finger. The exact function of ZNF598 remains unknown.... |
| Clonality                  | Polyclonal                                                                                                            |
| Concentration              | 0.5 mg/ml                                                                                                             |
| Molecular Weight           | 99kDa                                                                                                                 |
| NCBI                       | <a href="#">90850</a>                                                                                                 |
| UniProt                    | <a href="#">Q86UK7</a>                                                                                                |

|      |                                                                                                   |
|------|---------------------------------------------------------------------------------------------------|
| Form | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
