| Manufacturer               | Aviva                                                                                                                                                                                      |
| Host                       | Rabbit                                                                                                                                                                                     |
| Category                   | Proteine/Peptide                                                                                                                                                                           |
| Application                | WB                                                                                                                                                                                         |
| Species Reactivity         | Bovine, Equine, Human, Mouse, Porcine, Rabbit                                                                                                                                              |
| Product Description        | TNS4 may be involved in cell migration, cartilage development and in linking signal transduction pathways to the cytoskeleton. It may promote apoptosis, via its cleavage by caspase-3.... |
| Clonality                  | Polyclonal                                                                                                                                                                                 |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                  |
| Molecular Weight           | 77kDa                                                                                                                                                                                      |
| NCBI                       | <a href="#">84951</a>                                                                                                                                                                      |
| UniProt                    | <a href="#">Q8IZW8</a>                                                                                                                                                                     |
| Form                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                          |
