Product Datasheet

Human Progesterone receptor (PGR) ELISA Kit ASC-KTE61224

Article Name	Human Progesterone receptor (PGR) ELISA Kit
Biozol Catalog Number	ASC-KTE61224
Supplier Catalog Number	KTE61224
Alternative Catalog Number	ASC-KTE61224-48, ASC-KTE61224-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Progesterone receptor (PGR) ELISA Kit employs a two-site sandwich ELISA to quantitate PGR....
Range	Please inquire
Sensitivity	Please inquire
Tag	PGR
NCBI	5241
UniProt	P06401
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes	This Human Progesterone receptor (PGR) ELISA Kit employs a two-site sandwich ELISA to quantitate PGR in samples. An antibody specific for PGR has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PGR present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PGR is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PGR bound in the initial step. The color development is stopped and the intensity of the color is measured.
