| Biozol Catalog Number      | FBM-10-2120                                                                                                                                                                                                 |
| Supplier Catalog Number    | 10-2120                                                                                                                                                                                                     |
| Alternative Catalog Number | FBM-10-2120-5MG,FBM-10-2120-25MG,FBM-10-2120-10MM/1MLDMSO                                                                                                                                                   |
| Manufacturer               | Focus Biomolecules                                                                                                                                                                                          |
| Category                   | Biochemikalien                                                                                                                                                                                              |
| Product Description        | Proteasome inhibitor...                                                                                                                                                                                     |
| Molecular Weight           | 384.25                                                                                                                                                                                                      |
| Purity                     | 98% by TLC, NMR (conforms)                                                                                                                                                                                  |
| Form                       | White solid                                                                                                                                                                                                 |
| CAS Number                 | [179324-69-7]                                                                                                                                                                                               |
| Formula                    | C19H25BN4O4                                                                                                                                                                                                 |
| Application Notes          | Potent and selective proteasome inhibitor (Ki=0.6 nM). Inhibits proliferation of a number of tumor cell lines (IC50=7 nM). Inhibits TNF synthesis and FGF-induced angiogenesis. Reversible. Cell permeable. |
