| Category                   | Kits/Assays                                                                                                                                                                                                                                                   |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                                         |
| Product Description        | This Mouse Heat Shock 70kDa Protein 1A (HSPA1A) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only... |
| Range                      | 0.781-50ng/mL                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.28ng/mL                                                                                                                                                                                                                                                     |
| Samples                    | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                                                 |
| Target                     | Mouse Heat Shock 70kDa Protein 1A (HSPA1A)                                                                                                                                                                                                                    |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                        |
