| Alternative Catalog Number | RDD-RDSM089-100                                                                                                                               |
| Manufacturer               | reddot Biotech                                                                                                                                |
| Category                   | Kits/Assays                                                                                                                                   |
| Application                | FA                                                                                                                                            |
| Species Reactivity         | All                                                                                                                                           |
| Product Description        | This is an enzyme activity assay for the Detection and Quantification of Neutral Xylanase Activity. This product is for Research Use Only.... |
| Range                      | 0.01 mmol/L - 1 mmol/L                                                                                                                        |
| CAS Number                 | [9025-57-4]                                                                                                                                   |
| Samples                    | Animal feeds, Enzyme preparations, Bread improver mixtures, Other materials                                                                   |
| Application Notes          | Detection Method: Colorimetric. Platform: Microplate reader 450 nm                                                                            |
