| Alternative Catalog Number | USB-007188-5                                                                                                                                                         |
| Manufacturer               | US Biological                                                                                                                                                        |
| Category                   | Biochemikalien                                                                                                                                                       |
| Product Description        | Intermediate for the synthesis of 4-Hydroxymethyl Loratadine. Form: Pale Brown Solid Melting Point: 82-95C Solubility: Dichloromethane, Methanol, Tetrahydrofuran... |
| Molecular Weight           | 407.89                                                                                                                                                               |
| Form                       | Pale Brown Solid                                                                                                                                                     |
| CAS Number                 | [860010-33-9]                                                                                                                                                        |
