| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Product Description        | Purified Anguilla anguilla (AAA) covalently linked to colloidal gold (20nm particle size). Lectins are derived from the extracts of plants, animals, viruses and microorganisms and are known to agglutinate red blood cells. These agglutinins can select... |
| Form                       | Supplied as a liquid in dH2O, pH 7.0-7.5. Labeled with colloidal gold (20nm).                                                                                                                                                                                 |
