| Host                       | Sheep                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FC                                                                                                                                                                                                                                                            |
| Immunogen                  | Recombinant protein corresponding to Met1-His202 from human TWIST1, expressed in E. coli.                                                                                                                                                                     |
| Product Description        | Twist-1 is a transcriptional regulator that has been implicated in cell lineage determination and differentiation. Applications: Suitable for use in Flow Cytometry. Other applications not tested. Recommended Dilutions: Flow Cytometry: 10ul labels 1x1... |
| UniProt                    | <a href="#">Q15672</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by immunoaffinity chromatography                                                                                                                                                                                                                     |
| Form                       | Supplied as a liquid in saline, 0.5% BSA, 0.09% sodium azide. Labeled with Allophycocyanin (APC).                                                                                                                                                             |
