| Alternative Catalog Number | USB-U1001-01A-ML550-100                                                                                                                                                                                                                                       |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Immunogen                  | Synthetic peptide corresponding to 15aa located near the human UBC13 carboxy-terminus.                                                                                                                                                                        |
| Product Description        | MaxLight(TM)550 is a new Yellow-Green photostable dye conjugate comparable to Alexa Fluor(TM)546, 555, DyLight(TM)549 , Cy3(TM), TRITC and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (550nm), Emission... |
| UniProt                    | <a href="#">P61088</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by Ion Exchange chromatography.                                                                                                                                                                                                                      |

|      |                                                                    |
|------|--------------------------------------------------------------------|
| Form | Supplied as a liquid in PBS, pH 7.2. Labeled with MaxLight(TM)550. |
