## Product Datasheet

**USP22, NT (Ubiquitin Carboxyl-terminal Hydrolase 22, Ubiquitin  
Thiolesterase 22, Ubiquitin-specific Processing Protease 22,  
Deubiquitinating Enzyme 22, KIAA1063, USP3L), Rabbit  
USB-U4101-07**

|                            |                                                                                                                                                                                                                                                               |

| Alternative Catalog Number | USB-U4101-07-200                                                                                                                                                                                                                                              |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                  | Synthetic peptide selected from the N-terminal region of human USP22 (KLH).                                                                                                                                                                                   |
| Product Description        | Modification of target proteins by ubiquitin participates in a wide array of biological functions. Proteins destined for degradation or processing via the 26 S proteasome are coupled to multiple copies of ubiquitin. However, attachment of ubiquitin o... |
