## Product Datasheet

**VTI1B (Vesicle Transport Through Interaction with t-SNAREs Homolog 1B,  
Vesicle Transport v-SNARE Protein Vti1-like 1, Vti1-rp1, VTI1, VTI1L,  
VTI1L1, VTI2), Goat  
USB-V2121-80A**

|                            |                                                                                                                                                                                                                                                               |

| Alternative Catalog Number | USB-V2121-80A-100                                                                                                                                                                                                                                             |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Goat                                                                                                                                                                                                                                                          |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                  | Synthetic peptide corresponding to C-RDFDEKQQEANET, from human VTI1B, at internal region of the protein (NP_006361.1).                                                                                                                                        |
| Product Description        | V-SNARE that mediates vesicle transport pathways through interactions with t-SNAREs on the target membrane. These interactions are proposed to mediate aspects of the specificity of vesicle trafficking and to promote fusion of the lipid bilayers. May ... |
| NCBI                       | <a href="#">006361</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Form                       | Supplied as a liquid in Tris saline, pH 7.3, 0.5% BSA, 0.02% sodium azide.                                                                                                                                                                                    |
