| Alternative Catalog Number | USB-Z0390-41A-100                                                                                                                                                                                                                                                   |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                       |
| Host                       | Goat                                                                                                                                                                                                                                                                |
| Category                   | Antikörper                                                                                                                                                                                                                                                          |
| Application                | ELISA                                                                                                                                                                                                                                                               |
| Immunogen                  | Synthetic peptide corresponding to C-RNYRLFLHS, from ZDHHC1, at the internal region of the protein (NP_037436.1).                                                                                                                                                   |
| Product Description        | Palmitoyl-CoA + protein-cysteine = S-palmitoyl protein + CoA.<br>Applications: Suitable for use in ELISA. Other applications not tested.<br>Recommended Dilution: ELISA: 1:2000 Optimal dilutions to be determined by the researcher. Storage and Stability: May... |
| NCBI                       | <a href="#">037436</a>                                                                                                                                                                                                                                              |
| Purity                     | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                          |

|      |                                                                            |
|------|----------------------------------------------------------------------------|
| Form | Supplied as a liquid in Tris saline, 0.02% sodium azide, pH 7.3, 0.5% BSA. |
