## Product Datasheet

### **FDPS recombinant monoclonal antibody, clone 12H4, Clone: [12H4], Monoclonal ABN-RAB08643**

|                            |                                                                                      |
|----------------------------|--------------------------------------------------------------------------------------|
| Article Name               | FDPS recombinant monoclonal antibody, clone 12H4, Clone: [12H4], Monoclonal          |
| Biozol Catalog Number      | ABN-RAB08643                                                                         |
| Supplier Catalog Number    | RAB08643                                                                             |
| Alternative Catalog Number | ABN-RAB08643-50                                                                      |
| Manufacturer               | Abnova                                                                               |
| Category                   | Antikörper                                                                           |
| Application                | ELISA, FC                                                                            |
| Species Reactivity         | Human                                                                                |
| Immunogen                  | Original antibody is raised against a synthetic peptide corresponding to human FDPS. |
| Product Description        | Rabbit recombinant monoclonal antibody raised against human FDPS....                 |
| Clonality                  | Monoclonal                                                                           |
| Clone Designation          | [12H4]                                                                               |
| UniProt                    | 2224                                                                                 |
| Buffer                     | In PBS, pH7.4 (150 mM NaCl, 0.02% sodium azide and 50% glycerol)                     |
| Form                       | Liquid                                                                               |
| Target                     | FDPS                                                                                 |

|                    |                                                                                                   |
|--------------------|---------------------------------------------------------------------------------------------------|
| Application Dilute | ELISAFlow Cytometry(1:50-1:200)The optimal working dilution should be determined by the end user. |
