| Alternative Catalog Number | CSB-YP007800HU-1, CSB-YP007800HU-100, CSB-YP007800HU-20                                                                                                                                                                            |
| Manufacturer               | Cusabio                                                                                                                                                                                                                            |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                   |
| Molecular Weight           | 52.0 kDa                                                                                                                                                                                                                           |
| Tag                        | N-terminal GST-tagged                                                                                                                                                                                                              |
| UniProt                    | <a href="#">P30040</a>                                                                                                                                                                                                             |
| Buffer                     | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0. |
| Source                     | Yeast                                                                                                                                                                                                                              |
| Expression System          | 33-261aa                                                                                                                                                                                                                           |
| Purity                     | Greater than 85% as determined by SDS-PAGE.                                                                                                                                                                                        |
| Form                       | Liquid or Lyophilized powder                                                                                                                                                                                                       |

|                   |                                                                                                                                                                                                                                                        |
