| Alternative Catalog Number | BOB-PB9252-BIOTIN-100UG                                                                                                                                                  |
| Manufacturer               | Boster Bio                                                                                                                                                               |
| Host                       | Rabbit                                                                                                                                                                   |
| Category                   | Antikörper                                                                                                                                                               |
| Application                | ELISA, IHC, WB                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                    |
| Immunogen                  | E.coli-derived human Fas recombinant protein (Position: Q26-N173). Human Fas shares 55% and 59% amino acid (aa) sequences identity with mouse and rat Fas, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                               |
| Molecular Weight           | Calculated Molecular Weight: 37732 MW                                                                                                                                    |
| NCBI                       | <a href="#">355</a>                                                                                                                                                      |
| UniProt                    | <a href="#">P25445</a>                                                                                                                                                   |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                              |
| Purity                     | Immunogen affinity purified.                                                                                                                                             |

|                    |                                                                                                                                                                                                                                       |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form               | Liquid                                                                                                                                                                                                                                |
| Target             | Tumor necrosis factor receptor superfamily member 6                                                                                                                                                                                   |
| Application Dilute | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
