| UniProt                    | <a href="#">P0DTC1</a>                                                                                                                                                                                            |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                                       |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Purity             | Immunogen affinity purified.                                         |
| Form               | Liquid                                                               |
| Target             | Low affinity immunoglobulin gamma Fc region receptor II-b/c          |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
