Product Datasheet

Rat Microalbuminuria (MAU) ELISA Kit BYT-ORB1806951

Article Name	Rat Microalbuminuria (MAU) ELISA Kit
Biozol Catalog Number	BYT-ORB1806951
Supplier Catalog Number	orb1806951
Alternative Catalog Number	BYT-ORB1806951-48,BYT-ORB1806951-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Rat
Product Description	Rat Microalbuminuria (MAU) ELISA Kit...
Range	1.56-100µg/mL
Sensitivity	0.94 µg/mL
Samples	Urine
Target	MAU

Application Notes

Application Notes: This ELISA kit uses the Sandwich-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with an antibody specific to Rat MAU. Standards or samples are added to the micro ELISA plate wells and combined with the specific antibody. Then a biotinylated detection antibody specific for Rat MAU and Avidin-Horseradish Peroxidase (HRP) conjugate are added successively to each micro plate well and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain Rat MAU, biotinylated detection antibody and Avidin-HRP conjugate will appear blue in color. The enzyme-substrate reaction is terminated by the addition of stop solution and the color turns yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm. The OD value is proportional to the concentration of Rat MAU. You can calculate the concentration of Rat MAU in the samples by comparing the OD of the samples to the standard curve
