## Product Datasheet

### General Gamma-Aminobutyric Acid (gABA) ELISA Kit BYT-ORB1946668

Article Name	General Gamma-Aminobutyric Acid (gABA) ELISA Kit
Biozol Catalog Number	BYT-ORB1946668
Supplier Catalog Number	orb1946668
Alternative Catalog Number	BYT-ORB1946668-48,BYT-ORB1946668-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Gamma-Aminobutyric Acid (gABA) ELISA Kit...
Range	31.25-2000pg/mL
Sensitivity	9.27 pg/mL
Samples	serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids
Target	gABA

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Gamma-Aminobutyric Acid(gABA) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Gamma-Aminobutyric Acid(gABA). Next,Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Gamma-Aminobutyric Acid(gABA) in the samples is then determined by comparing the OD of the samples to the standard curve
