Product Datasheet

General Carnitine (CNT) ELISA Kit BYT-ORB1946722

Article Name	General Carnitine (CNT) ELISA Kit
Biozol Catalog Number	BYT-ORB1946722
Supplier Catalog Number	orb1946722
Alternative Catalog Number	BYT-ORB1946722-48,BYT-ORB1946722-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	All
Product Description	General Carnitine (CNT) ELISA Kit...
Range	15.63-1000ng/mL
Sensitivity	4.84 ng/mL
Samples	serum, plasma and other biological fluids
Target	CNT

Application Notes

Application Notes: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Carnitine(CNT) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Carnitine(CNT). Next,Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm 10nm. The concentration of Carnitine(CNT) in the samples is then determined by comparing the OD of the samples to the standard curve
