Mouse Platelet-Derived Growth Factor Soluble Receptor alpha (PDGFsR-alpha) ELISA Kit BYT-ORB1947137

Article Name	Mouse Platelet-Derived Growth Factor Soluble Receptor alpha (PDGFsR-alpha) ELISA Kit
Biozol Catalog Number	BYT-ORB1947137
Supplier Catalog Number	orb1947137
Alternative Catalog Number	BYT-ORB1947137-48,BYT-ORB1947137-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Mouse
Product Description	Mouse Platelet-Derived Growth Factor Soluble Receptor alpha (PDGFsR-alpha) ELISA Kit...
Range	15.63-1000pg/mL
Sensitivity	9.38 pg/mL
UniProt	P26618
Samples	serum, plasma, Tissue homogenate and Other biological samples
Target	PDGFsR-alpha

Application Notes	Application Notes: This ELISA kit uses the Sandwich-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with an antibody specific to Mouse PDGFsR-alpha. Standards or samples are added to the micro ELISA plate wells and combined with the specific antibody. Then a biotinylated detection antibody specific for Mouse PDGFsR-alpha and Avidin-Horseradish Peroxidase (HRP) conjugate are added successively to each micro plate well and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain Mouse PDGFsR-alpha, biotinylated detection antibody and Avidin-HRP conjugate will appear blue in color. The enzyme-substrate reaction is terminated by the addition of stop solution and the color turns yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm $\pm$ 2 nm. The OD value is proportional to the concentration of Mouse PDGFsR-alpha. You can calculate the concentration of Mouse PDGFsR-alpha in the samples by comparing the OD of the samples to the standard curve
