### B7-H4 Recombinant Protein BYT-ORB1231245

|                            |                                 |
|----------------------------|---------------------------------|
| Article Name               | B7-H4 Recombinant Protein       |
| Biozol Catalog Number      | BYT-ORB1231245                  |
| Supplier Catalog Number    | orb1231245                      |
| Alternative Catalog Number | BYT-ORB1231245-0.1              |
| Manufacturer               | Biorbyt                         |
| Category                   | Proteine/Peptide                |
| Application                | ELISA, WB                       |
| Product Description        | B7-H4 Recombinant Protein...    |
| Molecular Weight           | 51.8 kDa                        |
| NCBI                       | <a href="#">078902</a>          |
| UniProt                    | <a href="#">Q7Z7D3</a>          |
| Buffer                     | PBS, pH 7.4                     |
| Purity                     | >95% as determined by SDS-PAGE. |
| Form                       | Lyophilized                     |
| Sequence                   | Phe 29 - Ala 258                |
| Target                     | VTCN1                           |

|                   |                                                                                                                                                                                                                            |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | Application Notes: This protein carries a human IgG1 Fc tag at the C-terminus. The protein has a calculated MW of 51.8 kDa. The protein migrates as 66-85 kDa under reducing (R) condition (SDS-PAGE) due to glycosylation |
