| Species Reactivity         | Mouse, Rat                                                                                                                                                                      |
| Immunogen                  | KLH conjugated synthetic peptide derived from human Neurofascin-155 (501-650/1347aa)                                                                                            |
| Conjugation                | APC                                                                                                                                                                             |
| Product Description        | Neurofascin Rabbit Polyclonal Antibody (APC) is a APC conjugated antibody targeting NFASC. This antibody is suitable for IF. It exhibits reactivity with Mouse, Rat samples.... |
| Clonality                  | Polyclonal                                                                                                                                                                      |
| Concentration              | 1mg/ml                                                                                                                                                                          |
| Buffer                     | 0.01M TBS (pH7.4) with 1% rAlbumin, 0.02% Proclin300 and 50% Glycerol.                                                                                                          |
| Target                     | NFASC                                                                                                                                                                           |
