| Application                | ELISA, ICC, IF, IHC-Fr, IHC-P                                                                                                                                |
| Immunogen                  | KLH conjugated synthetic peptide derived from human ZNF379 (7-100/364aa)                                                                                     |
| Conjugation                | Biotin                                                                                                                                                       |
| Product Description        | ZNF379 Rabbit Polyclonal Antibody (Biotin) is a Biotin conjugated antibody targeting ZDHHC9. This antibody is suitable for ELISA, ICC, IF, IHC-Fr, IHC-P.... |
| Clonality                  | Polyclonal                                                                                                                                                   |
| Concentration              | 1mg/ml                                                                                                                                                       |
| Buffer                     | 0.01M TBS (pH7.4) with 1% rAlbumin, 0.02% Proclin300 and 50% Glycerol.                                                                                       |
| Target                     | ZDHHC9                                                                                                                                                       |

|                    |                                                                                      |
|--------------------|--------------------------------------------------------------------------------------|
| Application Dilute | IHC-P=1:100-500, IHC-F=1:100-500, ICC/IF=1:50-200, IF=1:100-500,<br>ELISA=1:500-5000 |
