| Article Name               | MitoNEET/CISD1 Rabbit Polyclonal Antibody, Unconjugated                                                                                      |
| Biozol Catalog Number      | BYT-ORB669068                                                                                                                                |
| Supplier Catalog Number    | orb669068                                                                                                                                    |
| Alternative Catalog Number | BYT-ORB669068-100                                                                                                                            |
| Manufacturer               | Biorbyt                                                                                                                                      |
| Host                       | Rabbit                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                   |
| Application                | ELISA, FC, IHC, WB                                                                                                                           |
| Species Reactivity         | Human, Monkey, Mouse, Rat                                                                                                                    |
| Immunogen                  | E.coli-derived human MitoNEET/CISD1 recombinant protein (Position: Y28-E93).                                                                 |
| Conjugation                | Unconjugated                                                                                                                                 |
| Product Description        | Anti-MitoNEET/CISD1 Antibody. Tested in ELISA, Flow Cytometry, IHC, WB applications. This antibody reacts with Human, Monkey, Mouse, Rat.... |
| Clonality                  | Polyclonal                                                                                                                                   |
| Concentration              | 500 µg/ml                                                                                                                                    |
| Molecular Weight           | 15 kDa                                                                                                                                       |
| UniProt                    | <a href="#">Q9NZ45</a>                                                                                                                       |

|                    |                                                                                                                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Buffer             | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.01mg NaN <sub>3</sub> .                                                                                                      |
| Form               | Lyophilized                                                                                                                                                                                                           |
| Target             | CDGSH iron-sulfur domain-containing protein 1                                                                                                                                                                         |
| Application Dilute | Western blot, 0.1-0.25µg/ml, Human, Mouse, Rat, Monkey<br>Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml,<br>Human Flow Cytometry (Fixed), 1-3µg/1x10 <sup>6</sup> cells, Human ELISA,<br>0.1-0.5µg/ml, - |
