| Article Name               | LSR Rabbit Polyclonal Antibody, Unconjugated                                                                                       |
| Biozol Catalog Number      | BYT-ORB865538                                                                                                                      |
| Supplier Catalog Number    | orb865538                                                                                                                          |
| Alternative Catalog Number | BYT-ORB865538-100                                                                                                                  |
| Manufacturer               | Biorbyt                                                                                                                            |
| Host                       | Rabbit                                                                                                                             |
| Category                   | Antikörper                                                                                                                         |
| Application                | ELISA, FC, ICC, IF, IHC, WB                                                                                                        |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                  |
| Immunogen                  | E.coli-derived human LSR recombinant protein (Position: M1-V649).                                                                  |
| Conjugation                | Unconjugated                                                                                                                       |
| Product Description        | Anti-LSR Antibody. Tested in ELISA, Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat.... |
| Clonality                  | Polyclonal                                                                                                                         |
| Concentration              | 500 µg/ml                                                                                                                          |
| Molecular Weight           | 68 kDa                                                                                                                             |
| UniProt                    | <a href="#">Q86X29</a>                                                                                                             |
| Buffer                     | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                          |
| Form                       | Lyophilized                                                                                                                        |

|                    |                                                                                                                                                                                                                                                                                        |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Lipolysis-stimulated lipoprotein receptor                                                                                                                                                                                                                                              |
| Application Dilute | Western blot, 0.25-0.5 µg/ml, Human, Mouse, Rat<br>Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml, Human, Mouse, Rat<br>Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human<br>Flow Cytometry (Fixed), 1-3 µg/1x10 <sup>6</sup> cells, Human<br>ELISA, 0.1-0.5 µg/ml, - |
