| Manufacturer               | Biorbyt                                                                                                                         |
| Host                       | Mouse                                                                                                                           |
| Category                   | Antikörper                                                                                                                      |
| Application                | ICC, IF, IHC, WB                                                                                                                |
| Species Reactivity         | Human                                                                                                                           |
| Immunogen                  | E.coli-derived human Filamin B/FLNB recombinant protein (Position: Q397-D701).                                                  |
| Conjugation                | Unconjugated                                                                                                                    |
| Product Description        | Anti-Filamin B/FLNB Antibody (monoclonal, 11E2D2). Tested in IF, IHC, ICC, WB applications. This antibody reacts with Human.... |
| Clonality                  | Monoclonal                                                                                                                      |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                       |
| Clone Designation          | [11E2D2]                                                                                                                        |

|                    |                                                                                                                                                              |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular Weight   | 278 kDa                                                                                                                                                      |
| UniProt            | <a href="#">O75369</a>                                                                                                                                       |
| Buffer             | Each vial contains 4 mg Trehalose, 0.9 mg NaCl and 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                                                 |
| Form               | Lyophilized                                                                                                                                                  |
| Target             | Filamin-B                                                                                                                                                    |
| Application Dilute | Western blot, 0.25-0.5 µg/ml, Human Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml, Human Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human |
