| Conjugation                | APC                                                                                                                                                                                                                                                           |
| Product Description        | In both prokaryotic and eukaryotic cells, the misfolding and aggregation of proteins during biogenesis and under conditions of cellular stress are prevented by molecular chaperones. Members of the HSP60 family of heat shock proteins are some of the b... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [LK2]                                                                                                                                                                                                                                                         |
