| Application                | ELISA                                                                                                                             |
| Species Reactivity         | Rabbit                                                                                                                            |
| Conjugation                | Unconjugated                                                                                                                      |
| Format                     | IgG                                                                                                                               |
| Target Specificity         | IgG (H+L)                                                                                                                         |
| Cross-Adsorption (MinX)    | Mouse,Rat,Human                                                                                                                   |
| Product Description        | Purified Goat Anti-Rabbit IgG(H+L) antibody with minimal reactivity to mouse, rat, and human proteins for use in ELISA assays.... |
| Clonality                  | Polyclonal                                                                                                                        |
| Isotype                    | IgG                                                                                                                               |
| Form                       | Purified                                                                                                                          |
| Antibody Type              | Secondary Antibody                                                                                                                |
