## Product Datasheet

### Anti-HLA-DR/DP APC, Clone: [MEM-136], Monoclonal EXB-1A-296-T100

|                            |                                                                         |
|----------------------------|-------------------------------------------------------------------------|
| Article Name               | Anti-HLA-DR/DP APC, Clone: [MEM-136], Monoclonal                        |
| Biozol Catalog Number      | EXB-1A-296-T100                                                         |
| Supplier Catalog Number    | 1A-296-T100                                                             |
| Alternative Catalog Number | EXB-1A-296-T100                                                         |
| Manufacturer               | EXBIO                                                                   |
| Category                   | Antikörper                                                              |
| Application                | FC                                                                      |
| Species Reactivity         | Human                                                                   |
| Immunogen                  | PHA-activated peripheral blood lymphocytes.                             |
| Conjugation                | APC                                                                     |
| Clonality                  | Monoclonal                                                              |
| Clone Designation          | [MEM-136]                                                               |
| Isotype                    | Mouse IgG1                                                              |
| Buffer                     | Stabilizing phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide |
| Storage                    | 2°C to 8°C                                                              |
| Target                     | HLA-DR/DP                                                               |
| Antibody Type              | Monoclonal Antibody                                                     |

|                    |                                                                                                                                                                                                                           |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Flow cytometry: The reagent is designed for analysis of human blood cells using 10 µl reagent / 100 µl of whole blood or 10 <sup>6</sup> cells in a suspension. The content of a vial (1 ml) is sufficient for 100 tests. |
| Application Notes  | Flow cytometry: The reagent is designed for analysis of human blood cells using 10 µl reagent / 100 µl of whole blood or 10 <sup>6</sup> cells in a suspension. The content of a vial (1 ml) is sufficient for 100 tests. |
