| Alternative Catalog Number | EXB-1A-461-C100                                                                                                                                                                                                                                               |
| Manufacturer               | EXBIO                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FC                                                                                                                                                                                                                                                            |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fusion protein of human IgG heavy chain and extracellular domain of DR5.                                                                                                                                                                          |
| Conjugation                | APC                                                                                                                                                                                                                                                           |
| Product Description        | TRAIL-R2 (CD262, DR5) is one of two TNF superfamily member intracellular death domain containing receptors for TRAIL (APO2L). Apoptosis, or programmed cell death, occurs during normal cellular differentiation and development of multicellular organism... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.1 mg/ml                                                                                                                                                                                                                                                     |
| Clone Designation          | [DR5-01-1]                                                                                                                                                                                                                                                    |
| Isotype                    | Mouse IgG1                                                                                                                                                                                                                                                    |

|                   |                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------|
| Buffer            | Stabilizing phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                |
| Storage           | 2°C to 8°C                                                                                                             |
| Target            | CD262                                                                                                                  |
| Antibody Type     | Monoclonal Antibody                                                                                                    |
| Application Notes | Flow cytometry: Recommended dilution: 1-5 µg/ml, positive control: JURKAT human peripheral blood leukemia T cell line. |
