| Alternative Catalog Number | LKT-M1874-5,LKT-M1874-25,LKT-M1874-100,LKT-M1874-500                                     |
| Manufacturer               | LKT Labs                                                                                 |
| Category                   | Biochemikalien                                                                           |
| Product Description        | Nucleobase (adenine) analog, DNA polymerase inhibitor....                                |
| Molecular Weight           | 149.15                                                                                   |
| Purity                     | 98%                                                                                      |
| CAS Number                 | [5142-23-4]                                                                              |
| Formula                    | C6H7N5                                                                                   |
| Application Dilute         | Water 10 mg/mL warmed (67.04 mM)Ethanol 4 mg/mL (26.81 mM)DMSO 3 mg/mL warmed (20.11 mM) |
