| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Species Reactivity         | A. thaliana                                                                                                                                                                                                                                                   |
| Immunogen                  | KLH-conjugated peptide derived from Arabidopsis thaliana HEN1 sequence, Uniprot: Q9C5Q8, TAIR: AT4G20910                                                                                                                                                      |
| Product Description        | HEN1 (HUA ENHANCER 1) is a methyltransferase that can methylate 3-end of miRNAs, siRNAs and trans-acting small interfering RNAs (ta-siRNAs). This protein protects the 3-end of sRNAs from uridylation activity and degradation by adding a methyl group t... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Molecular Weight           | 104.5 kDa   105 kDa                                                                                                                                                                                                                                           |
| NCBI                       | <a href="#">827839</a>                                                                                                                                                                                                                                        |
| UniProt                    | <a href="#">Q9C5Q8</a>                                                                                                                                                                                                                                        |
| Purity                     | Immunogen affinity purified serum in PBS pH 7.4.                                                                                                                                                                                                              |
| Form                       | Lyophilized                                                                                                                                                                                                                                                   |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Antibody Type      | Polyclonal Antibody                           |
| Application Dilute | 1 : 1000-1 : 5000 (WB)                        |
| Application Notes  | For reconstitution add 50 µl of sterile water |
