| Product Description        | ELISA Flex kit for quantification of Granzyme B in solution, The human Granzyme B ELISA Flex kit is ideal for users who want the flexibility of setting up their own ELISA assay. This product enables quantification of human Granzyme B in solution, e.g...                                                                                                                                                                                                               |
| Range                      | 10-1000 pg/ml                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
